## Section 1 eSRS Basics

### 1.1 System Background

As part of the President's Management Agenda for Electronic Government, the Small Business Administration (SBA), the Integrated Acquisition Environment (IAE), and a number of Agency partners collaborated to develop the next generation of tools to collect subcontracting accomplishments. This government-wide tool is known as the eSRS. This Internet-based tool will streamline the process of reporting on subcontracting plans and provide agencies with access to analytical data on subcontracting performance. Specifically, the eSRS eliminates the need for paper submissions and processing of the SF 294's, Individual Subcontracting Reports, and SF 295's, Summary Subcontracting Reports, and replaces the paper with an easy-to-use electronic process to collect the data.

To learn more, please review the home page materials that discuss the system's background, reporting requirements, and the eSRS legislation, regulations and OMB Guidance.

### 1.2 About this User Guide

This user guide is intended for the federal government users of the eSRS.gov system who have been assigned the role of Point of Contact. The guide will help these users utilize the system to review eSRS reports that have been submitted by prime and sub-contractors. Both Prime and Sub contractor reporting is completed in the eSRS.gov system.

There are four federal government user roles in this system. The roles in part reflect the activities that are performed in the eSRS.gov system. The federal government user roles are outlined as follows:

- Agency Coordinator –**AC** has full access to eSRS for their agency and below. Users can manage their agency hierarchy, other agency contacts, manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.
- Point of Contact – **POC** - Users manage other agency contacts (but not the agency organization), manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.
- Contracting Officer - **CO** - Users review eSRS reports and run reports on data from their registered level and below. In an eSRS Context, this role is likely more appropriate for users needing to review eSRS reports pertaining to contracts.
- Designated Government User - **DGU** users review eSRS reports and run reports on data from their registered level and below.

## 1.3 Getting Help with eSRS

### 1.3.1 The Help Desk

- I. Users can access the Federal Service Desk (FSD) directly from within the system. FSD is the help desk organization that provides help desk support for eSRS.gov.
- II. A link to the FSD is presented on the home page in the right-hand side bar. This link can also be found when logged into the system at the bottom of each page.

eSRS Users:

We are pleased to introduce you to a new source of help for your questions concerning the Electronic Subcontracting Reporting System (eSRS). Although FSD will be handling technical calls only, you will be able to submit a non-technical question via the "Submit New Request" or speak to a representative to receive the email address of the eSRS Agency Coordinator and Point of Contact for the Agency you are reporting to or the Small Business Administration's (SBA) Procurement Analyst assigned to answer Subcontracting questions.

The Federal Service Desk (FSD) launched in June 2009 as a project of the GSA's Integrated Acquisition Environment (IAE). At the Federal Service Desk ([fsd.gov](http://fsd.gov)) you can now:

- Find information you need by searching several ways in the Answer Center
- Submit a request online for Non-Technical (Policy) and Technical service
- Check on your help desk ticket online
- Give us feedback on Frequently Asked Questions
- Chat live with a Customer Service Representative
- Phone us toll free at 1-866-606-8220
- Phone us internationally at 334-206-7828

Over the next year or so, additional systems will gradually transition to FSD for their help desk support. We hope you take advantage of the full range of services offered at [www.fsd.gov](http://www.fsd.gov).

- IV. Users are automatically re-directed to the FSD 30 seconds after navigating to the transition page.

### 1.3.2 Resources Page

- I. When logged into the system, in the main navigation bar at the bottom of any system page, users will see a link to access a resources page. This page presents resources for the user related to the utilization of the eSRS system.

If you register for a new account in the eSRS system, you will be able to login to the FSRS system with the same credentials. In addition, authenticated (logged-in) users are able to toggle between the eSRS.gov and FSRS.gov applications seamlessly by clicking on the link in the upper right hand corner of any page, "Log-in to eSRS" or "Log-in to FSRS," depending on the system in which you are currently working.

**NASA Class Deviation on SSRs** Aug 18, 2014 3:36 pm

On November 21, 2013, NASA issued a Class Deviation for Summary Subcontract Report (SSR)-Submission under Individual Subcontracting Plans, which eliminates the requirement to submit a mid-year SSR for individual plans. The Deviation applies to solicitations issued on or after November 21, 2013. For contractors holding NASA contracts that were awarded before this date and that contain subcontracting plans, a mid-year SSR is still required unless all such contracts are modified to include the Deviation. Contractors may request Contracting Officers to modify existing contracts to include the Deviation. For additional information, refer to NASA Procurement Information Circular (PIC) 13-06B located here: <http://www.hq.nasa.gov/office/procurement/regs/pic13-06B.html>. ### 3.1.1 Agency Contract Transfers

- I. Agencies have the ability to transfer a contract from one agency/office to another agency/office in FPDS-NG.
- II. When a contract is transferred to a new agency/office in FPDS-NG, ALL reports in the eSRS that were created PRIOR to the transfer, regardless of status (Draft, Pending, Accepted, Rejected, Reopened), will remain associated to the former agency/office (the contract agency/office at the time of report creation).
- III. When a contract is transferred in FPDS-NG, the former agency/office will NOT have access to any new reports created in the eSRS AFTER the transfer took place.
- VIII. When a contract is transferred in FPDS-NG, the new agency/office on the contract will have read-only access to the most recent report submitted in eSRS prior to the transfer (i.e., submitted to the former contract agency/office), regardless of status.

### 3.1.2 Contract PIID Changes

- I. Agencies have the ability to modify PIID/Contract numbers in FPDS-NG.
- II. The eSRS will perform a silent, nightly update of all existing reports, regardless of status, with the modified PIID/Contract number.
- III. This process will overwrite the original PIID/Contract number on the report.
- IV. When a PIID/Contract number is modified, the eSRS will display a new field from FPDS-NG labeled "Other Award (or IDV) ID" which will identify the original PIID/Contract number for reference.
- V. The Original PIID/Contract number will no longer be searchable in eSRS.

## 3.2 Summary

- I. Click on "Reports" and then "Summary" on the left hand navigation menu.
- II. You will see a screen similar to the Summary Reports Screenshot below.
