**Quick Reference for Federal Government Contractors submitting a  
Summary Subcontract Report (SSR)  
for “Individual” Subcontracting Plan**

**Introduction:** In the past, Federal Government contractors were required to file their Summary Subcontract Report for “Individual” Subcontracting Plan accomplishments on the standard paper form (SF) 295. The Presidential Management Initiative mandated the development and implementation of an electronic subcontracting process. Thus, the Initial Operating Capability Phase of the electronic Subcontracting Reporting System (eSRS) was implemented in October of 2005. Federal Government contractors are now required to submit their subcontracting accomplishments for Federal Government contracts in the eSRS, with the exception of some Department of Defense (DoD) contracts.

eSRS is a web-based government-wide subcontracting system that allows electronic submission, management (acceptance, revision, rejection), reports and analyses of subcontracting data in a real-time paperless environment. In turn, there is a reduction in errors and processing time and no lost paper work, which leaves more time for increasing subcontracting.

**Quick Reference Objective:** To provide guidance to Federal Government **Contractors** submitting Summary Subcontract Reports (SSR) for “Individual” Subcontracting Plan in eSRS. This document will provide general information only. To receive specific information about the eSRS processes of the federal agency that awarded you the contract, contact your Contracting Officer or the eSRS Agency Coordinator (AC) or Point of Contact (POC). **You can obtain the Agency Coordinator or Point of Contact email address by contacting the Federal Service Desk at [www.FSD.gov](http://www.FSD.gov).**

## **Quick Reference #1 What is a Summary Subcontract Report (SSR) for “Individual” Subcontracting Plan?**

This report collects prime and subcontractors’ subcontract award data for a specific Federal Government agency when a Prime/Subcontractor: (a) holds one or more contracts over \$650,000 (over \$1,500,000 for construction of a public facility); and (b) is required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), HUBZone Small Business (HUBZone SB), Veteran-Owned Small Business (VOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), Alaskan Native Corporations (ANC) and Indian tribes concerns under a subcontracting plan with the Federal Government.

This report also collects subcontract awards for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs), for the Department of Defense (DoD), the National Aeronautics and Space Administration (NASA), and the Coast Guard.

## **Quick Reference #2: How is the SSR Data Utilized??**

This report provides an annual summary of subcontracts awarded by prime and subcontractors for a specific Federal Government agency that required an “Individual” Subcontracting plan for the previous fiscal year. This information is further used for the Small Business Administration’s (SBA) Subcontracting Achievement Report prepared for the President and the Congress. The Small Business Administration’s (SBA) Subcontracting Achievement Report is usually run on March 1 of the current fiscal year, for the prior fiscal year accomplishments. Therefore, it is important for all contractors and federal agencies to ensure the data in the electronic Subcontracting Reporting System (eSRS) is accurately **entered 30 days after the reporting period.**

- Agencies must review and “Accept” receipt of the subcontracting reports data within eSRS. Pending, rejected, revised and reopened subcontracting report data will not be reflected on SBA’s Subcontracting Achievement Report.

**Quick Reference for Federal Government Contractors submitting a  
Summary Subcontract Report (SSR)  
for “Individual” Subcontracting Plan**

**Quick Reference #3: What are the SSR Responsibilities of the Contractors?**

- Prime and higher tier large business subcontractors are required to ensure that their lower tier large business subcontractors file their SSRs in eSRS.
- These entries must include all “subcontract” awards (See definition at FAR 19.701) resulting from contracts or subcontracts (regardless of the dollar amount), received from the agency to which this report is submitted.
- Subcontract award data reported in this report shall be limited to awards made to your company’s immediate subcontractors. Your company shall not report subcontract awards made by your subcontractors, except as authorized in special legislation for ANCs and Indian tribes. For more information on the special legislation for ANC and Indian tribes visit <http://www.regulations.gov/search/Regs/home.html#documentDetail?R=0900006480277f33> (See FAC 2005-19).
- Only report actual subcontracting accomplishments, not good faith estimates or goals.
- If a prime contractor/subcontractor is performing work for more than one federal agency, a **separate** report shall be submitted to each federal agency covering only subcontracting accomplishments for that agency’s contracts.
- This report collects subcontracting data not sales data.

**Quick Reference #3: What are the SSR responsibilities of the Contractors?  
(Continued)**

- Reports are required when due, regardless of whether there has been any subcontracting activity for the reporting period
- Submit all SSRs within 30 days of the close of each reporting period.
- Reporting Periods:
  - For Non Department of Defense (DOD), National Aeronautics and Space Administration (NASA) and General Service Administration (GSA) Contracts report Annual submission on the Federal Government’s fiscal year

- The report data is reflective of only the **reporting period’s** subcontracting accomplishments.
- Keep a signed copy of the report on file.
- **Per the 13 Code of Federal Regulations (CFR) 121.404 (e) & 121.410 you must have a supporting written size self-certification for every small business you are counting in the small business and socioeconomic section of this report at the time they submit their proposal** except as authorized in special legislation for ANC and Indian tribes visit. For more information on the special legislation for ANC and Indian tribes visit <http://www.regulations.gov/search/Regs/home.html#documentDetail?R=0900006480277f33> (See FAC 2005-19). If you do not have a written size self-certification, you must count these subcontracts in the large business field. **Per 13 CFR 121.411(a)**, a subcontractor must qualify and self-certify as a small business at the time it submits its offer as a small business subcontractor. **Do not retroactively apply small business subcontracting accomplishments.**
- The contractor **shall validate** that this firm is SBA SDB and HUBZone-certified in the SBA Dynamic SB search at [www.sam.gov](http://www.sam.gov), **prior to the award of a contract.** **Note** that HUBZone is different from some of the State HUB certifications, such as Texas and Virginia.

# Quick Reference for Federal Government Contractors submitting a Summary Subcontract Report (SSR) for “Individual” Subcontracting Plan

## Quick Reference #4: What are the eSRS SSR Plan Type “Individual” Responsibilities of the Government?

- Federal agencies are responsible for ensuring that Federal Government prime contractors make every attempt to adhere to the approved subcontracting plan and file their reports in a timely manner.
- Further responsibility is to review, accept and/or reject the prime contractors’ and subcontractors’ SSRs in eSRS.
- It is recommended that the Federal Government agency review the subcontract reports submitted within 60 days of the contractor’s submittal

## Quick Reference #5: What do the Terms “Pending”, “Accept”, “Reopen” and “Reject” Represent?

**Pending:** This report has been submitted and is awaiting review to be “**Accepted or Rejected**” by the Federal Government agency that awarded the contract.

**Accept:** This report has been reviewed by the Federal Government agency that awarded the contract, and they have found no known errors, issues, or concerns and do not require any clarification, information, and/or correction and is, therefore, “**Accepting**” receipt of this report’s data.

- Although receipt of the report’s data has been “**Accepted**”, if upon further review, errors, issues, or concerns are found with the report, the Federal Government agency that awarded the contract will “**Reopen or Reject**” the report to obtain clarification, additional information, and/or correction.

**Reopen:** This report’s data was previously “**Accepted**” by the Federal Government agency that awarded the contract. However, upon further review of the report’s data, the agency found errors, issues, and concerns and requires clarification, additional information, and/or correction. Once the report concerns have been addressed and/or corrected sufficiently by the contractor and resubmitted, the federal agency will “**Accept**” receipt of the report’s data.

# **Quick Reference for Federal Government Contractors submitting a Summary Subcontract Report (SSR) for “Individual” Subcontracting Plan**

**Reject:** This report has been reviewed by the Federal Government agency that awarded the contract, and they have found errors, issues and concerns. The report requires clarification, additional information, and/or correction. Thus, they will not accept receipt of the subcontracting report’s data at this time. Once the report concerns have been addressed and/or corrected sufficiently, the federal agency will **“Accept”** receipt of the report’s data.

**Examples of a “Reject” notification:** The data in your report includes last fiscal year’s subcontracting accomplishments. Please resubmit your report with just the current reporting periods subcontracting accomplishments.

## **Additional “Reopen and Reject” information:**

- An explanation explaining why your report was **“Rejected or Reopened”** will be sent to the email address of the person submitting the report.
- The **“Rejected or Reopened”** report will appear in the **“Alerts”** box of the report submitter.
- Click on the link within the **“Alerts”** box to view the report.
- Resolve the issue brought forth by the Federal Government agency and resubmit the report.

## **Quick Reference # 6: Things to Exclude from the SSR for Plan Type “Individual”**
